

# BENJAMIN LEINWAND

Office: B-46 Hanes Hall  
Chapel Hill, NC 27514  
Phone: (718) 306-2623  
E-mail: bml67@live.unc.edu  
Web: <https://bleinwand.github.io>

## EDUCATION

---

**University of North Carolina**, Chapel Hill, NC *August 2017 - Present*  
*Ph.D. in Statistics*  
Advisors: Vladas Pipiras, Guorong Wu

**Various CUNY Colleges**, New York, NY *June - December 2016*  
*Non-Degree Student*

**Cornell University**, Ithaca, NY *August 2009 - June 2013*  
*Master's (MPS) in Applied Statistics*  
*Bachelor of Arts, Double Major in Statistical Science and Economics*

## PREPRINTS

---

“Testing equality of autocovariances of high-dimensional time series” (with C. Baek, K. Gates and V. Pipiras)

“Detecting functional connectivity changes in fMRI data” (with C. Baek, M. Gampe, J. Hopfinger, K. Gates and V. Pipiras)

## CONFERENCE PAPERS

---

“Characterizing Frequency-Selective Network Vulnerability For Alzheimers Disease By Identifying Critical Harmonic Patterns” (with V. Pipiras and G. Wu)  
*IEEE International Symposium on Biomedical Imaging* *April 2020*

## RESEARCH INTERESTS

---

Networks evolving over time  
Dense weighted networks  
Machine Learning  
Applications to: Neuroscience, Urban Data, Economics/Finance, Sports

## TEACHING

---

**STOR 155:** Data Models and Inference *Spring 2020*  
**STOR 455:** Methods of Data Analysis (Instructional Assistant)  
**STOR 155:** Data Models and Inference (Instructional Assistant) *Fall 2017- Spring 2018*

## SERVICE

---

**UNC Department of Statistics & Operations Research** *August 2019 - Present*  
*Graduate Student Liaison*

- Conducted survey of STOR graduate students for ways to update the graduate programs
  - Led to department reorganizing program structure and first year courses
- Spoke to students, faculty, and alumni about improving the graduate student experience
  - Compiled instructor feedback resulting in a new graduate level course in Effective Pedagogy

- Persuaded faculty to allow a rotating student to speak before each faculty meeting
- Started monthly tea time event allowing students and faculty to mingle in an informal setting
- Established and edited student run website with information for current and prospective students
- Organized first STOR Faculty Roundtable and wrote all questions for faculty
- Elected as senator for STOR Department in the Graduate and Professional Student Federation
  - Hosted a town hall to inform students about resources available to them
- Founding president of BIOSTOR, an organization created to facilitate camaraderie between the STOR Department and the Biostatistics Department
  - Held joint social events
  - Planning joint seminars where students from each department present their research
- Empowered and supported other students to take on departmental tasks including securing funding for departmental activities and arranging social gatherings
- Assigned student mentors to 1st year PhD students to ease transition into graduate school
- Surveyed STOR students about class interests to aid faculty in determining future graduate course offerings

**UNC Department of Statistics & Operations Research**      *January - March 2019, January - February 2020*  
*Visit Day Coordinator*

- Managed logistics of finding visitors places to stay and transportation to and from activities
- Assisted in planning visit day activities
- Advised accepted students about visiting UNC and choosing a graduate program

**Reach the World** Volunteer Editor

*February - May 2014*

## WORK EXPERIENCE

---

**Oliver Wyman**, New York NY and several other locations  
*Senior Consultant*

*October 2013 - June 2016*

Worked on 11 projects in a wide variety of industries and capacities, with a consistent emphasis on advanced quantitative analysis and clear communication of complex concepts

### Selected Project Experience

- **Canada Mortgage and Housing Corporation** — Securitization economic capital model
  - Built a Monte Carlo model in Matlab projecting losses in various macroeconomic scenarios
  - Included several potential exposure types, enabling a unified organizational view of risk
- **PNC** — Stress testing loss forecasting model for home equity portfolio
  - Designed hazard models of risk in SAS based on borrower traits and macroeconomic conditions
  - Integrated prepayment, default, exposure at default and loss given default models
- **Spirit AeroSystems** — Pricing strategy
  - Optimized part pricing using maximum-likelihood estimation to calculate price elasticities
  - Tailored pricing strategy to account for competitor prices and market volume
- **The Clearing House** — “Do Bond Spreads Show Evidence of Too Big to Fail Effects?”
  - Contributed to a white paper by calculating Mertons distance to default, a measure of default risk
  - Sourced and manipulated data, and solved nonlinear equations in R
- **Webster Bank** — Performance management
  - Implemented a new incentive system that aligns bonuses with value produced for the bank
  - Piloted regions saw 24% increase in sales/FTE on a YOY basis compared to 4% elsewhere

**First Manhattan Consulting Group** New York, NY

*June - August 2012*

*Summer Analyst*

- Wrote C# program to parse mailing addresses, reducing process time by 80% and improving accuracy
- Measured effectiveness of ad campaigns by identifying mail recipients who subsequently opened accounts

- Changed certain metrics reported to clients to enhance the clarity and consistency of results

**Cornell Venture Capital** Ithaca, NY

*February 2011 - May 2012*

*Project Manager & Marketing Officer*

Led teams that completed projects for:

- Clearstone Venture Partners exploring the evolving media landscape
- Fynanz - a DFJ Gotham portfolio company focused on private student loans
- Cayuga Venture Fund researching medical device manufacturers

**The Nielsen Company The Modeling Group** Wilton, CT

*June - August 2011*

*Intern*

- Conducted quantitative analysis for pilot project incorporating internet buzz into Marketing Mix Models
- Created PowerPoint presentations displaying the results and findings from MMMs
- Generated and formatted advertising and sales data files for use in modeling

**Basic Souvenir** Brooklyn, NY

*August 2008*

*Assistant Manager at Sweatshirt Manufacturing Company*

- Helped grow business from empty space to fully operational, printing ~200 sweatshirts per day
- Organized business site by configuring inventory, machinery, and production areas
- Trained new employee in printing and packaging protocols

## AWARDS

---

**ISBI Travel Grant** from the US National Institutes of Health, National Institute of Biomedical Imaging and Bioengineering, and National Cancer Institute *April 2020*

**Community Prize** for naming a non-profit focusing on gender equity in architecture *October 2013*

**Best Thesis Project** in Master's Program for analyzing performance on e-learning tasks *May 2013*

**Graduated Magna Cum Laude** in Statistical Science *January 2013*

**Graduated with Distinction in all Subjects** *January 2013*

**Omicron Delta Epsilon**, International Honors Society in Economics *March 2012*

## SKILLS

---

**Expert:** R, MATLAB, Excel

**Proficient:** Python,  $\LaTeX$

**Experience with:** SAS, SQL, C#, VBA
